Web dizajn

Projekat iz Web dizajn-a

Moj projekat se sastoji iz tri dijela, tačnije tri html stranice.

Sa početne stranice moguće je posjetiti dvije stranice - "Menu" i "Contacts" preko "button" opcije. Button Menu vodi na drugu html stranicu - "Menu.html" koja je povezana sa API-jem.

The image shows the "Menu" page of the MyFood website. At the top right is a yellow button labeled "MyFood". Below it are two small buttons: "Home" and "Contact". The central feature is a large, stylized logo of a food cart filled with various items, with the text "MYFOOD SINCE 2022" underneath. Below the logo are three categories: "Hamburger", "Ćevapi", and "Chicken", each with a corresponding image and a delivery distance: "4.5 KM", "7 KM", and "9 KM" respectively. The background is a light green color.
